Re: Stadium Authority Board –Oversight Committee Nomination

Dear Chairman Hill:

I am extremely pleased with Governor Sandoval's appointment of Dawn Christensen, MGM/ Gay and Lesbian Chamber of Commerce, Senate Majority Leader Aaron Ford's appointment of Ms. Monica Ford, President/CEO Nevada Partners and Assembly Leader Jason Frierson's appointment of Ms. Rose Davis, Western Region Minority Supplier Development Council.

With respect to the process of selecting the Stadium Board's Community Benefits Oversight Committee Representative, I would like to submit for consideration Mr. Ken Evans for the appointment of Chairman.

The last seven (7) months the Community Benefits Plan (CBP) has been very contentious at times and appointing Mr. Evans would be an asset. His qualification and willingness to serve would help with the oversight of key issues that might be perceived as community impacting.

Mr. Evans, is a retired Air Force lieutenant colonel, he would represent veteran owned businesses, his connection to Black owned business and the Black community i.e (Affinity Groups, Faith-based etc.) is unparalleled. An engineer by trade, and small business owner himself, Mr. Evans, has earned a reputation as a respected, and well connected champion of small businesses as President of the Urban Chamber of Commerce.

Thank you for consideration and please feel free to contact me with any questions.

Respectfully

Jo Cato | Chief Strategist
