

LAS VEGAS STADIUM

Monthly Report - July 2018

August 29, 2018

Mr. Steve Hill Chairman Las Vegas Stadium Authority c/o Applied Analysis 6385 S. Rainbow Blvd, Ste 105 Las Vegas, NV 89118

Dear Mr. Hill:

We are pleased to transmit StadCo's monthly Project Status Report covering the development of the Las Vegas Stadium.

The Project's completion date remains on schedule. In order to accomplish this, several elements of the Project have been re-sequenced to provide more time than originally planned for concrete placement. This type of schedule adjustment is not uncommon on a project of this magnitude and will probably be repeated periodically in some fashion throughout the life of the construction.

The Project is also within its budget. In fact, with more than \$760 million of the construction subcontracts already in place, we have seen a steady growth in the unused construction contingency as a percentage of the remaining work.

Project expenditures total approximately \$350 million, 22% of which has been funded by the public sector and the remaining 78% by StadCo and the Raiders.

More than 500,000 worker-hours have been invested in the Stadium's construction with approximately 650 people currently employed on site. Contracts totaling more than \$125 million have been awarded to Small Business Enterprises. In addition to being ahead of our local Small Business contracting goal, we are well above our workforce diversity goal of 38% minority and women participation with more than 65% of the construction workforce hours being represented by minority and female workers and 3% represented by veterans.

Sincerely

Don C. Webb Chief Operating Officer

The accompanying notes to the financial report, above, are integral to this presentation and should be consulted when reviewing its contents

Summary Notes:

- 1) Initial Budget" is as of March 17, 2018
- "Revised Budget" reflects adjustments under consideration & does not include all costs borne solely by StadCo or the Raiders such as costs of developing the team headquarters and training facilities
- 3) "Expended" is based upon actual costs & accrual estimates booked, including retention amounts withheld, as of August 15, 2018
- 4) "Expended" excludes certain predevelopment costs recovered through bond proceeds at closing
- 5) Excludes StadCo or Raiders payroll costs, legal & similar administrative expenses incidental to Stadium development but borne solely by StadCo or Raiders
- 6) Excludes NFL Relocation Fee
- 7) Excludes Temporary Venue Costs
- 8) Excludes certain costs associated with financing and transactional expenses borne by the Raiders
- 9) Actual Balance on individual Sources may vary from that shown above since certain sources are funded on a reimbursable, rather than advance, basis
- 10) Projections are based upon assumptions and information received from others and therefore actual results may vary and the variations may be material

STATUS OF DESIGN PLANNING

The A/E team delivered Addendum 1 to Permit Package 5 on August 6th. This package is the primary construction documents package for the core, shell, reserved seating and back-of-house spaces in the stadium - all areas but the premium spaces such as the clubs, suites and a select few team spaces.

This is the first of two planned addendums for Package 5 with the second tentatively scheduled for September 20th. Clark County Building and Fire Department has already returned all plan check comments for this package and the A/E team is in the process of developing and documenting the responses to those comments. The premium space permit package (Package 6) is due October 19th.

Permits received to date include all foundations (Package 2), and all concrete construction permits (Packages 3A & 3B) and the structural steel frame package (Permit Package 4). All structural building permits for the project are now secured.

Upcoming Milestone Dates for Design Deliverables:

October 19, 2018 - Premium Spaces – Permit Package 6 (including Home Team and Raiderette Locker Rooms)

October 19, 2018 - Landscape - Permit Package 6

COMPLIANCE / SBE

In accordance with Section 31.5-6 of Nevada Senate Bill 1, Mortenson | McCarthy Las Vegas Stadium, A Joint Venture ("MMcJV") is following the below process in regards to verification of SBE Contractors.

SBE Contractors apply through the mmcjvlv.com website under the vendors tab. Those seeking certification as a qualified SBE contractor will then fill out and submit a self-certification form, whereas they attest to meeting the criteria for small local business classification denoted in the Senate Bill. The MMcJV Community Benefits Coordinator then reviews the information provided and utilizes the Nevada Secretary of State website: https://www.nvsos.gov/sos to verify SB1 requirements 31.5-2 section a, b, & c in regards to principal place of business, duration of business license, and that the required business license is current. Upon approval of these criteria, MMcJV will then give the contractor the designation of SBE. If firms do not meet the criteria or don't complete the process, they are not classified as SBE. A listing of all approved SBE's, or any of the above records can be provided upon request.

RE: Las Vegas Stadium Community Benefits Plan Report – June 2018

SBE Program

- The SBE project goal is 15%.
- The current SBE participation is 17%.
- Approximately \$763 million dollars of work has been awarded with \$126 million committed to SBE firms.
- 39 different SBE firms have been awarded work on the project; 14 with multiple contracts.
- 10 different WMBE firms have been awarded work.
- 82% of the firms awarded work are Nevada based.

Workforce Diversity

- The workforce goal is 38% minority and female.
- The goal is expressed as a percentage of work hours.
- The workforce participation is 66% minority/female and 3% veteran with approximately 290,638 hours worked through June.

Community Engagement and Outreach

- · We hosted a finishes/Interiors subcontractor information session on June 20.
- Proposal solicitation notices are sent to community organizations.
- Construction updates are provided to the surrounding neighborhood informing them of major construction activity.

Mentoring

- We will be partnering with Clark County's Small Business Opportunity Program to
 offer classes and seminars to the SBE and WMBE firms involved with the project.
- A brochure outlining the classes and schedule will be sent to firms by the end of July.
- The program commences in mid-August.

Internship Program

- We are participating in the Clark County Summer Business Institute internship program.
- The student is a senior from Secta High School who commenced work June 4.
- · A second student commenced work July 16.

Attached are the SBE and workforce participation reports.

ADDITIONAL INFORMATION / UPDATES

StadCo has, and continues to, comply with Section 35 (2)(c) and 35 (2)(e) of the Act as evidenced by JLL's Report.

In accordance with Section 31- (c)(1)(2)(3) of Nevada Senate Bill 1, Mortenson | McCarthy Las Vegas Stadium, A Joint Venture is following the below process in regards to verification of the payment of applicable prevailing wages.

Contractors that are awarded construction contracts for the work are required to follow the NRS 338 requirements outlined in Senate Bill 1. This section pertains to the prevailing wage for public works projects as governed by the Nevada Labor Commissioner.

Mortenson | McCarthy has implemented LCPTracker Construction Certified Payroll – Labor Compliance Software which is a widely recognized tracking and certification software for prevailing wage projects. Mortenson | McCarthy maintains and updates the required prevailing wage rates in the database, based on those published by the Nevada Labor Commissioner's website. All contractors that have received a construction contract and are subject to the prevailing wage requirements are required to report payroll hours and wages for designated workers through this system. The contractor's entries into this system verifies compliance with wages and fringes as noted in the NRS 338 requirements.

Panorama from Main Concourse looking south.

As of August 13, 2018 approximately 30,299 out of 104,708 cubic yards of concrete have been poured. Column work continues around the building; 397 total columns have been poured to date, 222 on the field level and 175 on the mezzanine level. There are 14 decks poured on the mezzanine level and 5 completed for Main Concourse.
