Clark County Stadium Authority,
dba: Las Vegas Stadium Authority
Clark County, Nevada

Independent Auditor's Report

To the Honorable Clark County Stadium Authority,
dba: Las Vegas Stadium Authority Board of Directors
Clark County, Nevada

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Clark County Stadium Authority, dba: Las Vegas Stadium Authority, Clark County, Nevada (the "Authority"), a component unit of Clark County, Nevada (the "County"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Authority as of June 30, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (MD&A) on pages 5 through 11 and the budgetary comparison information on pages 30 through 32 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis, in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the budgetary comparison information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements as a whole. The individual fund schedules, as listed in the supplementary information section of the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The individual fund schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information

directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 6, 2022 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Eide Bailly LLP". The signature is written in a cursive, flowing style.

Las Vegas, Nevada
January 6, 2022

Management of the Clark County Stadium Authority dba Las Vegas Stadium Authority (the "Authority") offers the following discussion and analysis as a narrative introduction to the basic financial statements and an analytical overview of the Authority's financial activities for the fiscal year ended June 30, 2021. This narrative is intended as a supplement and should be read in conjunction with the financial statements.

Financial Highlights

- The independent auditor's report offers an unmodified opinion that the Authority's financial statements are presented fairly in all material respects.
- The Authority's net position increased by \$530,580,476, from \$637,665,505 as of June 30, 2020, to \$1,168,245,981 as of June 30, 2021. Unrestricted net position was \$395,502, an increase of \$534,635,025 from the prior year.
- Net capital assets were \$1,816,018,616, an increase from the prior year. Construction of the stadium was completed and placed in service in fiscal year 2021.
- At year end, bonds payable totaled \$728,101,180, a decrease from the prior year resulting from principal payments and amortization of bond premiums.
- Deferred inflows related to the sale of personal seat license revenue decreased by \$550,535,713 from the prior year as all revenue related to the sale of personal seat licenses was recognized in fiscal year 2021.
- Room tax revenues decreased by \$15,828,761 due to the COVID-19 pandemic. The decrease in room tax revenues combined with the decrease in room tax revenues in fiscal year 2020 resulted in two unscheduled draws from the debt service reserve for the payment of principal and interest due on outstanding bonds. On November 25, 2020, an unscheduled draw in the amount of \$11,553,389 was made on the debt service reserve fund for payment of interest due on December 1, 2020. On May 25, 2021, an unscheduled draw in the amount of \$11,734,117 was made on the debt service reserve fund for payment of principal and interest due on June 1, 2021.
- Expenses increased by \$68,429,047 due to depreciation expense as the stadium was placed in service during fiscal year 2021.

Overview of the Financial Statements

The Authority's financial statements include the following components:

- Government-Wide Financial Statements
 - Statement of Net Position – This statement presents information on the Authority's assets and liabilities. The difference between assets and liabilities is reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.
 - Statement of Activities – This statement presents information showing how the Authority's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g. uncollected tax revenue and accounts payable).
- Governmental Funds Financial Statements
 - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Authority's near-term financial requirements.
 - Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with the same information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Authority's near-term financing decisions. To facilitate this comparison, both the governmental funds balance sheet and the statement of governmental fund revenues, expenditures and changes in fund balances include an adjustments column that show reconciling items, if any, between governmental funds and governmental activities.
 - The Authority maintains three governmental funds. The Authority adopts an annual appropriated budget for these three governmental funds. A budgetary comparison statement is provided for each of the Authority's governmental funds to demonstrate compliance with the budget.

- Notes to Financial Statements

- The Notes to Financial Statements are an integral part of the financial statements and provide additional information that is necessary in order to gain a comprehensive understanding of data reported in the financial statements.

Government-Wide Financial Analysis

Comparative summary financial statements of the Authority are presented as follows:

	Net Position June 30, 2021 and 2020	
	2021	2020
Assets		
Current and other assets	\$ 102,222,433	\$ 152,296,258
Net capital assets	1,816,018,616	1,801,183,098
Total Assets	1,918,241,049	1,953,479,356
Liabilities		
Long-term liabilities	728,101,180	733,938,584
Other liabilities	21,893,888	30,773,319
Total Liabilities	749,995,068	764,711,903
Deferred inflows	-	551,101,948
Net Position		
Net investment in capital assets	1,110,144,981	1,108,628,053
Restricted	57,705,498	63,276,975
Unrestricted	395,502	(534,239,523)
Total net position	\$ 1,168,245,981	\$ 637,665,505

- As noted earlier, net position may serve over time as a useful indicator of the Authority's financial position. Assets exceeded liabilities and deferred inflows by \$1,168,245,981 as of June 30, 2021, and by \$637,665,505 as of June 30, 2020, a net increase of \$530,580,476.

- The largest portion of the Authority's net position at June 30, 2021, reflects its investment in capital; less any related debt outstanding used to acquire those assets. These assets are comprised of land, land improvements, a football stadium, and related furniture, fixtures, and equipment. Accordingly, these assets are not available for future spending. Although the Authority's investments in its capital assets are reported net of related debt, it should be noted that the resources needed to repay the debt must be provided from other sources since capital assets themselves cannot be used to liquidate the debt.
- 5% of the Authority's net position is restricted due to resources that are subject to external restriction on how they may be used. The restricted net position is for repayment of long-term debt and capital projects.
- The remaining portion of the Authority's net position is unrestricted at \$395,502.

Changes in Net Position
Years ended June 30, 2021 and 2020

	2021	2020
Revenues		
Program revenues		
Charges for services	\$ 550,535,713	\$ -
Capital contributions	56,969,644	250,506,650
General Revenues		
Room tax revenues	21,044,062	36,872,823
Investment earnings	94,537	7,288,958
Total Revenues	628,643,956	294,668,431
Expenses		
General government	69,251,314	730,362
Interest expense	28,812,166	28,904,071
Total Expenses	98,063,480	29,634,433
Change in Net Position	530,580,476	265,033,998
Net Position		
Beginning of year	637,665,505	372,631,507
End of year	\$ 1,168,245,981	\$ 637,665,505

- Program revenues increased by \$356,998,707 due to the revenue recognition of personal seat licenses sales offset by a decrease in donated capital for the construction of the football stadium during the fiscal year.

- Room tax revenues decreased by \$15,828,761 due to the COVID-19 pandemic.
- Investment earnings decreased by \$7,194,421 due to the spending of bond proceeds during the fiscal year and unscheduled draws from the debt service reserve fund.

Financial Analysis of the Authority's Funds

- At June 30, 2021, the Authority's governmental funds reported a combined ending fund balance of \$82,950,492, an increase of \$509,897,123.
- Fund balance components have been classified as nonspendable, restricted, and unassigned based on the extent to which the Authority is bound to observe constraints imposed on the use of fund resources.
- Nonspendable fund balance was \$18,215 and consists of prepaid expenses.
- \$82,554,992 of fund balance is restricted. Spending of these resources is constrained either by externally imposed (statutory, bond covenant, or grantors) limitations on their use or imposed by law through constitutional provisions or enabling legislation. Restricted fund balances include \$7,726,729 for capital projects and \$74,828,261 for debt service.
- Unassigned fund balance was \$377,285.
- The General Fund (Stadium Authority Fund) is the main operating fund of the Authority. The fund balance decreased by \$7,433,533 from \$17,339,176 to \$9,905,643.
- The fund balance of the Debt Service Fund decreased by \$6,537,556 mainly due to debt service payments exceeding transfers of room taxes from the general fund for debt service and debt service reserves.
- The fund balance of the Capital Projects Fund increased by \$523,868,212 due to the recognition of revenue related to the sale of personal seat licenses.

Budgetary Highlights

- The Stadium Authority Fund's actual total revenue was higher than the final budget by \$2,171,875 primarily due to higher room tax revenue than expected for the fiscal year.
- The Stadium Authority Fund's actual total expenditures and other financing uses were \$7,037 less than the final budget, primarily due to lower service and supplies expense than expected for the fiscal year.

Capital Assets

The Authority's investment in capital assets, net of accumulated depreciation at June 30, 2021, was \$1,816,018,616. Major additions during the fiscal year were for the completion of stadium construction. Detail by type of assets is summarized in the table below.

Capital Assets June 30, 2021 and 2020		
	2021	2020
Land and improvements	\$ 98,453,367	\$ 77,780,128
Allegiant Stadium	1,563,058,112	-
Stadium scoreboard	28,508,911	-
Stadium Wi-Fi	15,195,889	-
Stadium FF&E	110,802,337	-
Construction in Progress	-	1,723,402,970
Total Assets	\$ 1,816,018,616	\$ 1,801,183,098

For additional information on the Authority's capital assets see note 4 in the accompanying financial statements.

Long-Term Debt

On May 1, 2018, on behalf of the Authority, Clark County, Nevada issued Clark County, Nevada General Obligation (Limited Tax) Stadium Improvement Bonds (Additionally Secured with Pledged Revenues) Series 2018A. The proceeds are being used to (i) acquire, construct, lease, improve or equip or any combination thereof, within the boundaries of the stadium district a football stadium capable of hosting the home games of the National Football League team; (ii) fund a debt service reserve fund for the Bonds; (iii) fund a capitalized interest fund; and (iv) pay the costs of issuing the Bonds. Interest payments are paid semiannually beginning December 1, 2018, with an interest rate ranging from 4.0% to 5.0%. Principal will be paid annually beginning June 1, 2019. The bonds mature on May 1, 2048.

Outstanding Debt June 30, 2021 and 2020		
	2021	2020
Revenue backed general obligation bonds	\$ 728,101,180	\$ 733,938,584

Economic Factors

The effects of the COVID-19 pandemic and related response on the Southern Nevada economy continued into Fiscal Year 2021. The pandemic significantly disrupted the global, national and regional economies through much of 2020 and into 2021 as the world grappled with new virus variants and cycles of infection. The successful development and deployment of effective vaccines in early 2021 was a key turning point in the trajectory of the pandemic and put Southern Nevada on the path for sustained economic recovery.

The regional economy's recovery has been closely related to the rebound of its core tourism industry, which accounts for approximately a third of regional economic activity. The pandemic and related response reduced travel and tourism demand around the globe, and the Southern Nevada tourism industry was not immune from the effects of that reduction. Following the initial pandemic-related hotel closures in the spring of 2020, most resort properties had reopened by the end of the year. In an environment of travel restrictions, operational capacity limits in casinos, restaurants and other public-facing businesses, and the cancellation or relocation of conventions and other large special events, visitor volume increased during that period but remained well below pre-pandemic levels as 2021 arrived.

The new year brought the vaccines, which, combined with pent-up demand and stockpiled household savings, pushed visitor volumes to pandemic-era highs through the spring and summer months. The rebound in tourism demand was directly tied to rising room tax collections, the Authority's primary revenue source. The amount of room tax revenue collected is a factor of the number of hotel and motel rooms available, occupancy rate and the average daily room rate (ADR), all of which reported rising trends in the second half of fiscal year 2021. The recovery brought total room tax revenue collections to \$21.0 million for the fiscal year, 17.6 percent higher than budgeted.

Those tourism recovery trends from the first half of 2021 extended through the year. While the ongoing recovery is somewhat dependent on the overall public health situation, Southern Nevada's tourism industry is well positioned as calendar year 2022 begins. The past 12 months saw a number of notable project completions and openings, including the Las Vegas Convention Center expansion and Resorts World Las Vegas. Additionally, Allegiant Stadium opened to full capacity for the first time in mid-2021 and has since hosted numerous sold-out concerts and sporting events. These new facilities join the fabric of Southern Nevada's tourism infrastructure that should drive the continued recovery and growth in the regional economy through 2022 and beyond.

Clark County Stadium Authority,
dba: Las Vegas Stadium Authority
Clark County, Nevada

Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances to the Statement of Activities
For the Fiscal Year Ended June 30, 2021

Net change in fund balances - total governmental funds \$ 509,897,123

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources. In contrast, the statement of activities reports only a portion of the outlay as expense. The outlay is allocated over the assets' estimated useful lives as depreciation expense for the period. The Authority utilizes a capital capital projects fund to construct the stadium project.

Capitalized expenditures	26,524,671	
Capital contributions	56,969,644	
Less current year depreciation	<u>(68,658,796)</u>	
		14,835,519

Governmental funds report bond proceeds as current financial resources. In contrast, the statement of activities treats such issuance of debt as a liability. Governmental funds report repayment of bond principal as an expenditure. In contrast the statement of activities treats such repayments as a reduction in long-term liabilities. This is the amount by which repayments exceeded proceeds.

Principal payments	<u>2,545,000</u>	
		2,545,000

Some expenses reported in the statement of activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds.

Change in accrued interest	10,430	
Amortization of bond premiums	<u>3,292,404</u>	
		<u>3,302,834</u>

Change in net position of governmental activities		<u><u>\$ 530,580,476</u></u>
---	--	------------------------------

Note 1 - Summary of Significant Accounting Policies

The Reporting Entity

The Clark County Stadium Authority, dba: Las Vegas Stadium Authority (the "Authority") was created on October 17, 2016, by Senate Bill 1 during the 30th Special Session of the Nevada State Legislature in 2016 to provide a pathway for the construction, development and operation of an NFL stadium in Clark County, Nevada.

The organization and funding of the Authority are governed by Senate Bill 1. The governing board (the "Board") includes three representatives appointed by the Nevada Governor's Office, three representatives appointed by the Clark County Commission, two representatives appointed by the Stadium Authority Board of Directors and one representative appointed by the University of Nevada, Las Vegas. The Authority is funded by a 0.88 percent tax on rooms rented on the Strip and some adjacent areas to the west and south, and a 0.5 percent tax on rooms within the remainder of the Authority district as defined in Senate Bill 1.

The Authority is an integral part of the Clark County, Nevada financial reporting entity and as such, the Authority is considered a component unit of the County. The accounting policies of the Authority conform to accounting principles generally accepted in the United States of America as applicable to governmental entities.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the Authority. The effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. All governmental funds are considered to be major funds and they are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Amounts reported as program revenues include charges to customers or applicants for goods, services, or privileges provided. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Governmental Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or within 90 days after year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Room taxes and interest revenue associated with the current fiscal year are considered to be susceptible to accrual and have been recognized as revenues in the current year.

The Authority reports the following major governmental funds:

Stadium Authority General Fund – this is the general operating fund of the Authority. The general operating fund is used to account for all resources and cost of operations traditionally associated with governments, which are not accounted for and reported in other funds.

Stadium Debt Service Fund - this fund is used to account for the payment of principal and interest, and the cost of operations associated with the debt service for the Authority's general obligation debt.

Stadium Capital Projects Fund - this fund is used to account for the costs of constructing the stadium paid from bond proceeds, room tax revenues, and interest earnings.

Assets, Liabilities, and Net Position or Equity

Cash and Investments

The majority of all cash and investment transactions of the Authority are held with a fiscal agent. These investments are invested by third-party trustees in various securities. The remaining cash and investment transactions of the Authority are handled by the Clark County Treasurer's office. Cash balances are combined and invested as permitted by law in combination with Clark County funds. Investments are reported at fair value on the balance sheet and statement of net position. Changes in the fair value of investments are included in investment income of the individual funds.

Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties other than in a forced or liquidation sale. Changes in the fair value of Authority investments are part of interest earnings of the individual fund.

Accounts Receivable

The accounts receivable are shown net of any provision for doubtful accounts. Room tax revenues are due from various jurisdictions throughout Southern Nevada are paid approximately two months in arrears.

The authority does not have an allowance for doubtful accounts.

Capital Assets

Capital assets are recorded at cost or the acquisition value on the date of donation. Expenditures for renewals and improvements that significantly add to the productive capacity or extend the useful life of an asset are capitalized. Expenditures for maintenance and repairs are charged to expense. When equipment is retired or sold, the cost and related accumulated depreciation are eliminated from the accounts and the resultant gain or loss is reflected in the statement of revenues, expenses, and changes in net position.

Depreciation is provided using the straight-line method, based on useful lives of the assets which range from three to thirty years.

The Authority reviews its property and equipment whenever events indicate that the carrying amount of the asset may not be recoverable. An impairment loss is recorded when the sum of the future cash flows is materially less than the carrying amount of the asset. An impairment loss is measured as the amount by which the carrying amount of the asset exceeds its fair value. No impairments occurred in fiscal year 2021.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts, as well as prepaid bond insurance and deferred losses, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources whereas discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position or Equity

In the government-wide statements, equity is classified as net position and displayed in three components:

- Net investment in capital assets – Capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets net of unspent financing proceeds.

- Restricted net position – Net position with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

In the fund financial statements, the classifications of fund balance represent amounts that are not subject to appropriation or are legally segregated for a specific purpose. The following classifications have been implemented by the Authority:

- Nonspendable – amounts that are not in spendable form (such as inventory and prepaids) or are legally or contractually required to be maintained intact.
- Restricted – amounts constrained to specific purposes by external providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed – amounts constrained to specific purposes by the Authority itself, using its highest level of decision-making authority, the Stadium Authority Board of Directors (the Board). To be reported as committed, the Board must take formal action, via entering into interlocal agreements or professional service contracts, prior to the end of the reporting period. Amounts cannot be used for any other purpose unless the Board takes the same formal action to remove or change the constraint.
- Assigned – amounts the Authority intends to use for a specific purpose. These assignments, however, are not legally binding and are meant to reflect intended future uses of the Authority's ending fund balance. The Board has authority to assign amounts of ending fund balance.
- Unassigned – amounts that are available for any purpose. Positive amounts are reported only in the general fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Authority considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Authority considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

Subsequent Events

The Authority has evaluated subsequent events through January 6, 2022, the date which the financial statements were available to be issued.

Note 2 - Stewardship, Compliance and Accountability

Compliance with Nevada Revised Statutes

Per NRS 354.626, no governmental agency may expend or contract to expend funds in excess of amounts appropriated for that function. The Authority is required to report and explain expenditures or contracts to expend that exceeded budgeted appropriations for the General Fund, Special Revenue, and Capital Project Funds. As of June 30, 2021, the Authority had no exceptions to report.

Note 3 - Cash and Investments

The majority of all cash and investments of the Authority are included in the investment pool of the Clark County Treasurer (the "Treasurer") and the Authority's trustees, the Bank of New York Mellon and U.S. Bank. As of June 30, 2021, these amounts are distributed as follows:

Cash and investments held in Clark County Investment Pool	\$ 14,962,872
In custody of other officials	150,000
Cash with fiscal agents	83,406,263
Grand total	\$ 98,519,135

Clark County Investment Pool

The Treasurer invests monies held both by individual funds and through a pooling of monies. The pooled monies, referred to as the investment pool, are invested as a whole and not as a combination of monies from each fund belonging to the pool. In this manner, the Treasurer is able to invest the monies at a higher interest rate for a longer period of time. Interest is apportioned monthly to each fund in the pool based on the average daily cash balance of the fund for the month in which the investments mature.

According to state statutes, County monies must be deposited with federally insured banks and savings and loan associations within the County. The Treasurer is authorized to use demand accounts, time accounts, and certificates of deposit.

State statutes do not specifically require collateral for demand deposits, but do specify that collateral for time deposits may be of the same type as those described for permissible state investments. Permissible state investments are similar to allowable County investments described below except that some state investments are longer term and include securities issued by municipalities outside the state of Nevada.

Due to the nature of the investment pool, it is not possible to separately identify any specific investment as being that of the Authority. Instead, the Authority owns a proportionate share of each investment, based on the Authority's participation percentage in the investment pool.

Interest Rate Risk

Through its investment policy, the County manages its exposure to fair value losses arising from increasing interest rates by limiting the duration of its investment portfolio to less than 2.5 years. The County's investment policy limits investment portfolio maturities for certain investment instruments as follows: U.S. Treasury and U.S. agencies to less than ten years; bankers' acceptances to 180 days maturity; commercial paper to 270 days maturity; certificates of deposit to 1 year maturity; corporate notes and bonds to 5 years maturity; and repurchase agreements to 90 days maturity.

Interest Rate Sensitivity

At June 30, 2021, the County invested in the following types of securities that have a higher sensitivity to interest rates:

Callable Securities are directly affected by the movement of interest rates. Callable securities allow the issuer to redeem or call a security before maturity, one time or generally on coupon dates.

Asset Backed Securities are financial securities backed by a loan, lease, or receivable against assets other than real estate and mortgage backed securities. These securities are subject to interest rate risk in that the value of the assets fluctuates inversely with changes in the general levels of interest rates.

Credit Risk

The County's investment policy applies the prudent-person rule: "In investing the County's monies, there shall be exercised the judgment and care under the circumstances then prevailing which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived."

Concentrations of Credit Risk

Concentration of credit risk is defined as the risk of loss attributed to the magnitude of a government's investment in a single issuer. The County's investment policy limits the amount that may be invested in obligations of any one issuer, except direct obligations of the U.S. government or federal agencies, to no more than five percent of the Clark County investment pool.

GASB 31

GASB Statement No. 31 requires the County to adjust the carrying amount of its investment portfolio to reflect the change in fair or market values. Interest revenue is increased or decreased in relation to this adjustment of unrealized gain or loss. Net interest income in the funds reflects this positive or negative market value adjustment.

Trustee Cash

The Authority utilizes two Trustee's to service their debt and capital outlay, Bank of New York Mellon and U.S. Bank, respectively.

As of June 30, 2021, the \$83,406,263 held by the Trustees were invested in short-term investments with entities as indicated in the tables below:

Investment Type	Investment Maturities (in Years)	
	Fair Value June 30, 2020	Less Than 1
United States Agencies	\$ 10,060,300	\$ 10,060,300

Total accumulated depreciation	<u>-</u>	<u>68,658,796</u>	<u>-</u>	<u>68,658,796</u>
Total capital assets being depreciated, net	<u>-</u>	<u>1,738,238,488</u>	<u>-</u>	<u>1,738,238,488</u>
Governmental activities capital assets, net	<u>\$ 1,801,183,098</u>	<u>\$ 1,821,732,802</u>	<u>\$ 1,806,897,284</u>	<u>\$ 1,816,018,616</u>

Note 5 - Interfund Balances and Transfers

The composition of interfund balances at June 30, 2021 is as follows:

Receivable Fund	Payable Fund	Amount
Debt Service Fund	General Fund Capital Projects Fund	\$ 6,390,848 198
		\$ 6,391,046

These balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system and (3) payments between funds are made.

Interfund transfers for the year ended June 30, 2021, consisted of the following:

Transfers In:	Transfers Out:		
	General Fund	Capital Projects Fund	Total
Debt service fund	\$ 27,772,756	\$ 153,661	\$ 27,926,417
	\$ 27,772,756	\$ 153,661	\$ 27,926,417

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorization.

Note 6 - Long-Term Liabilities

Bonds payable at June 30, 2021, are comprised of the following bonds:

Series	Purpose	Date Issued	Date of Final Maturity	Interest Rate	Original Amount	Balance June 30, 2021
2018A	Construction	05/01/18	05/01/48	4.00-5.00%	\$ 645,145,000	\$ 639,755,000
Total general obligation bonds					<u>\$ 645,145,000</u>	<u>\$ 639,755,000</u>

Summary of Debt Service – The annual debt service requirements to maturity are as follows:

Year ending June 30,	Total Principal	Total Interest	Total
2022	\$ 3,365,000	\$ 31,987,750	\$ 35,352,750
2023	4,240,000	31,819,500	36,059,500
2024	5,175,000	31,607,500	36,782,500
2025	6,170,000	31,348,750	37,518,750
2026	7,230,000	31,040,250	38,270,250
2027 - 2031	54,540,000	148,597,500	203,137,500
2032 - 2036	92,925,000	131,351,750	224,276,750
2037 - 2041	144,340,000	103,275,000	247,615,000
2042 - 2046	212,650,000	60,741,500	273,391,500
2047 - 2048	109,120,000	8,048,792	117,168,792
	<u>\$ 639,755,000</u>	<u>\$ 609,818,292</u>	<u>\$ 1,249,573,292</u>

There are a number of limitations and restrictions contained in the bond indentures. The Authority is in compliance with all significant limitations and restrictions.

 Notes to Financial Statements
 June 30, 2021

Pledged Revenues

The Authority has pledged future receipts from the levy of the room taxes imposed pursuant to Section 33 of the Act and the Room Tax Ordinance. The total principal and interest remaining to be paid on the bonds is \$1,249,573,292. Principal and interest paid for the current year and pledged revenues received were as follows:

	Governmental Activities
Assets	
Cash and investments	
In custody of the County Treasurer	\$ 14,962,872
In custody of other officials	150,000
With fiscal agent	83,406,263
Interest receivable	47,483
Room taxes receivable	3,637,600
Prepaid expenses	18,215
Capital assets not being depreciated	77,780,128
Capital assets being depreciated, net of accumulated depreciation	1,738,238,488
Total assets	1,918,241,049
Liabilities	
Accounts payable	19,235,941
Accounts payable - Clark County	36,000
Accrued interest	2,621,947
Long-term liabilities	
Bonds payable, due within one year	3,365,000
Bonds payable, due after one year	724,736,180
Total liabilities	749,995,068
Net Position	
Net investment in capital assets	1,110,144,981
Restricted	
Capital projects	7,726,729
Debt service	49,978,769
Unrestricted	395,502
Total net position	\$ 1,168,245,981

Changes in Long-Term Liabilities:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Bonds payable:					
General obligation bonds	\$ 642,300,000	\$ -	\$ (2,545,000)	\$ 639,755,000	\$ 3,365,000
Plus: issuance premiums	91,638,584	-	(3,292,404)	88,346,180	-
Total long-term liabilities	<u>\$ 733,938,584</u>	<u>\$ -</u>	<u>\$ (5,837,404)</u>	<u>\$ 728,101,180</u>	<u>\$ 3,365,000</u>

Note 7 - Commitments

In March 2018, the Authority approved a series of documents related to the construction and operation of the Authority project. These agreements are primarily between the Clark County Stadium Authority and LV Stadium Events Company LLC ("StadCo"), the developer and operator of the stadium, as well as other entities. The agreements include, but are not limited to, the following: the Stadium Development Agreement, generally relating to the funding and construction of the stadium project; the Stadium Lease Agreement, generally relating to the operation of the stadium upon completion; the Construction Funds Trust Agreement and the Stadium Disbursing Agreement, generally relating to the management and disbursement of project funds; the Authority PSL Account Agreement, the PSL Sales and Marketing Agreement and the Purchase and Sale Agreement, generally relating to the marketing, sales and revenues of personal seat licenses; and other legal agreements related to various aspects of the project.

Note 1 - Budgetary Information

The Authority uses the following procedures to establish, modify, and control the budgetary data presented in the financial statements:

- a. Prior to April 15, the Authority Board submits to the Nevada State Department of Taxation the tentative budget for the next fiscal year, commencing on July 1. The budget as submitted contains the proposed expenditures and means of financing them.
- b. The Nevada State Department of Taxation notifies the Authority of its acceptance of the budget.
- c. Public hearings are conducted no sooner than the third Monday in May and no later than the last day in May.
- d. After all changes have been noted and hearings closed, the Authority adopts the budget on or before June 1.
- e. The Authority's administrative contractor is authorized to transfer budgeted amounts within functions or funds, and any other transfers must be approved by the Authority Board.
- f. Increases to a fund's budget (augmentations) other than by transfers are accomplished through formal Authority Board action.
- g. Statutory regulations require budget control to be exercised at the function level within the Stadium Authority fund, which serves as the Authority's general fund. The Authority administratively exercises control at the budgeted item level within a department.
- h. All appropriations lapse at the end of the fiscal year. Encumbrances are re-appropriated in the ensuing fiscal year up to the amount of available opening fund balance.
- i. Budgeted amounts as originally adopted for the year ended June 30, 2021, were augmented for grants and other Board actions.
- j. Budgets are adopted on a basis consistent with the method used to report on governmental funds, which are prepared in accordance with the accounting principles generally accepted in the United States of America.

Note 2 - Reconciliation of General Fund Budgetary Information to General Fund GAAP Information

This statement reconciles the general fund as presented for budget purposes to the presentation required under the modified accrual basis of accounting.

Comments of Independent Auditors
June 30, 2021

**Clark County Stadium Authority,
dba: Las Vegas Stadium Authority
Clark County, Nevada**

**Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters Based on an
Audit of Financial Statements Performed in Accordance with
*Government Auditing Standards***

To the Honorable Clark County Stadium Authority,
dba: Las Vegas Stadium Authority Board of Directors
and the Honorable Board of County Commissioners
Clark County, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities of the Clark County Stadium Authority, dba: Las Vegas Stadium Authority, Clark County, Nevada (the "Authority"), a component unit of Clark County, Nevada, as of and for the year ended June 30, 2021, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated January 6, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Auditor's Comments

To the Honorable Clark County Stadium Authority,
dba: Las Vegas Stadium Authority Board of Directors
and the Honorable Board of County Commissioners
Clark County, Nevada

In connection with our audit of the financial statements of the governmental activities and the major Funds of the Clark County Stadium Authority, dba: Las Vegas Stadium Authority, Clark County, Nevada (the "Authority") as of and for the year ended June 30, 2021, and the related notes to the financial statements, except as noted below, nothing came to our attention that caused us to believe that the Authority failed to comply with the specific requirements of Nevada Revised Statutes cited below. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Authority's noncompliance with the requirements of Nevada Revised Statutes cited below, insofar as they relate to accounting matters.

CURRENT YEAR STATUTE COMPLIANCE

The Authority conformed to all significant statutory constraints on its financial administration during the year.

CURRENT YEAR RECOMMENDATIONS

We noted no material weaknesses and reported no significant deficiencies in internal controls.
